Primary Computing Leaders
Development Group

The brand-new way of keeping up to date with the latest developments in computing and technology.

entrust

Inspiring Futures

What is it?

The development group is a brand-new way for you and your school to keep up to date with the latest developments in computing and technology whilst providing you with the perfect opportunity to network with peers. There will be a total of three sessions, one held each term, that will focus on the latest updates, expert knowledge, and guidance from our team of experienced curriculum, online safety and technical support advisors.

What can I expect?

The sessions will keep you up to date with the latest research, resources and developments both locally and nationally for computing, online safety and technology in Education delivered by experts in there field. You will work alongside like-minded individuals within a supportive environment to collaborate and share experiences to develop plans for change and whole school improvement for computing and technology.

Who can attend?

These development groups are suitable for computing leads in first schools, infant schools, junior schools, middle schools, as well as primary schools.

When are the sessions?

Session one: 9th June 2022, 14:00-15:30
Session two: 10th November 2022, 14:00-15:30
Session three: 8th March 2023, 14:00-15:30

Price for all three sessions: £300
