

Helping governors to thrive with specialised professional support

Whether your governor is new to their role or highly experienced, they play an important part in making sure that your school runs smoothly. Luckily, our governor services support package is available to help them carry out the core functions of their job, including effective governance, ensuring vision and strategic direction, holding school leaders to account and overseeing financial performance.

Governor services support package at a glance

We're helping to create better outcomes for schools by:

- **Providing access to quality governance support**

We develop and support governors by providing the most up-to-date information, guidance and advice each term. Our content is continuously updated to make sure that it stays relevant, and targets both new and experienced governors, clerk to governors, chairs, vice chairs and link governors.

- **Offering a range of training and resources to help governors grow their skills base**

Our intensive training programme is designed to help your governors and governance professionals to meet their statutory responsibilities by increasing and expanding their knowledge and skills. And, because it's all online, it's easily accessible anytime, anywhere.

- **Taking the time to understand your requirements**

We only deliver bespoke support suited to your exact needs.
