NCS Trust's Quality Assurance partner

“

Entrust are extremely experienced in providing outdoor activities for young people via the NCS programme, local schools and community groups. The activities for the Epic Challenge were highly relevant for the NCS programme, allowing all the challenge elements to be experienced by the young people.

Assessor

“

[NCS] gave me the opportunity to go beyond my comfort zone and experience things I wouldn't have done otherwise. It gave me an assortment of new skills and considerably more confidence to implement in my future. As well as, providing me the chance to make new friends!

NCS Grad

“

My daughter loved the experience. I think she grew up a lot over the 2 weeks. Meeting people outside her normal friends circle.
