

# The Future of Education Recruitment

# About The Supply Register

Our vision is to transform recruitment in the changing world of education.

We believe schools can fill their supply roles more cost-effectively and with less hassle, and that they can do it with technology.

By connecting schools with education professionals and agencies, we're able to streamline recruitment processes, saving schools time and money.

What's more, our dedicated regional Partnership Management Teams are here to support you every step of the way, serving local schools with local teachers.

# Challenges of Supply Cover

We understand the challenges schools face.

With local authority supply cover provisions falling to less than 2%, schools have become precariously dependent on agencies and are often paying well over the odds to fill vacancies.

That's where we come in. The Supply Register is perfectly placed to help schools, academies and multi academy trusts to fill vacancies with less hassle and reduced costs.

# Our Unique Supply Model

At The Supply Register, we are dedicated to making education recruitment easier, quicker and more cost-effective.

Over the last five years, we have developed a bespoke solution to fit the needs of the education sector.

Our custom-built platform gives schools complete control by helping you build a 'bank' of cover staff, streamline processes and cut your supply bill by up to 25%.

”

**“By using The Supply Register, the number of calls and emails to source supply cover has been substantially reduced.**

**The software is user friendly, flexible and adaptable to the needs of the school, can be configured to our own specification and we have been able to demonstrate cost savings and better monitor our agency performance.”**

# School Benefits

A unique supply model that cuts costs and improves quality.

With The Supply Register, the indirect costs and time savings derived from processing hundreds of timesheets and invoices per month are eradicated and replaced with one clear invoice per week.

What's more, all our candidates are strictly vetted and paid at the best market rates, so when you work with us you know you'll have access to the best quality teaching and support staff to build your talent bank.

# Our Agency Partners

The Supply Register is nothing without our partner agencies.

We are proud of our growing list of agency partners, who each play a vital role in ensuring that no classroom is left without a teacher.

Every supply agency that works with us signs a contract to supply at banded pay and standard charge rates. Unless specifically requested by the school, all our agencies are placed on a level playing field and therefore compete on performance and quality of supply staff.
