

# Supporting effective governance with our Level 3 Certificate in Clerking

High quality clerks are key to effective governance, which in turn drives school improvements and better educational outcomes. We're passionate about making sure that your school and students thrive, which is why we've designed a NCFE accredited online course, available to all governance professionals, including new or prospective clerks.

Our level three certificate has been designed with the needs of a changing profession at its heart, ensuring your governance professionals have all the skills and knowledge necessary to support high quality, effective governance in your school.

## Programme structure

Our programme begins with four half-day structured training events, delivered as live webinars. This is followed by completion of the online governance professional development modules on our GovernorSpace website, which can be completed at your own time and pace.

You will be supported by an expert mentor who will help you to identify your areas for development and fill your knowledge gaps to enable you to improve the support you provide to your governing boards.

Assessment is via a portfolio of evidence, which you will compile through your clerking role.

## How our programme helps you

- ✓ You'll achieve a level three qualification, fully accredited by the NCFE
- ✓ Gain the skills and knowledge to perform your role as a governance professional confidently and competently
- ✓ Gain valuable experience in the field of clerking through mentoring sessions
- ✓ Build confidence through the practical elements of the course
- ✓ You'll be ready to embark on your journey as a governance professional and to thrive within the profession.

**For just £650.00 +VAT, this programme will take you from a new entrant to a competent governance professional within one year.**
