Narrow the Reading Gap with Reading Progress and Reading Coach Through Microsoft Teams

Reading Progress in Microsoft Teams builds pupils fluency through independent reading practice. Teachers can assign text for students to read at their own pace to empower and encourage pupils to read. Reading Progress enables students to read texts out loud while being recorded with new features that includes the ability to measure a student's accuracy, speed and prosody. Students will then be told which words they struggled with, omitted or any additional words. Reading Coach specifically targets challenging words for the learning in a personalised review after completing the Reading Progress assignment. Inside Reading Coach, learners practice challenging words with support such as:

- Listening to the correct pronunciation of a word
- Stretching the word to view syllables
- Viewing a picture of the word's meaning

The Supply Register FREE Demonstrations

Join a free demo to find out more about The Supply Register, see the technology in action and learn how it can benefit your school. The Supply Register believe schools can fill their supply roles more cost-effectively and with less hassle — and that they can do it with technology. That's why they created a state-of-the-art platform to bring together schools, education professionals and agencies. The streamlined education recruitment process keeps everyone connected. This saves schools time and money and allows them to invest more budget where it really matters — improving the quality of children's education. The unique, custom-built platform gives schools complete control of supply recruitment and management. All candidates are strictly vetted and paid at the best market rates, so when you work with The Supply Register you know you'll have access to the best quality teaching and support staff to build your staff bank. What's more, there's no up-front cost or ongoing management or license fee to be paid and their dedicated regional Partnership Management Team is here to support you every step of the way.

This approach reduces your costs by up to 20% by building localised 'talent banks' of staff that are remunerated in line with recognised pay scales, and eliminating finder's fees and standardising charge rates from supplying agencies.
